

# Flesh and Blood

(həd) p.e.

I know my rights  
I know my rights  
I know my Bill of Rights

Though I walk  
Through the valley  
Of Death  
I am not Afraid  
Cause I dont give a fuck  
I cross enemy lines  
My Renegade philosophy  
Frees souls and minds  
No one badda then me  
Ha! The world is mine  
Now go about your business  
And dont waste  
My precious fucking time  
Dont waste  
My precious fucking time

So much more than  
Flesh and Blood  
So much more than  
Flesh and Blood

How much more?  
Flesh and Blood  
How much more?  
Flesh and Blood

We the people  
Are so fucking tired  
Of all the corruption  
And lies  
This is Critical Mass  
This is a system crash  
Here and now  
We'll rip and tear it down  
And start over again  
Cause we got nothing  
To lose  
And we got nothing  
But time  
Cause the spirit  
Never dies  
And we know about the lies  
And they playin both sides  
And they conquer  
And divide  
And we decided  
That we want it to end

Much more than  
Flesh and Blood  
So much more than  
Flesh and Blood

How much more?  
Flesh and Blood  
How much more?  
Flesh and Blood

No, we dont ever be intense  
cause the questions remain  
Of who the hell  
Would know why?  
And does humanity fade?  
We'll keep searching  
For answers  
Till we find out  
The truth  
And when we do  
We'll be  
Coming for you  
Coming for you

[MAN:]

Um, you know, my Grandfather used to have a saying,  
"Believe nothing that you hear, and half of what you see."  
I wouldn't believe a thing, that comes out of Washington DC,  
in fact, it's my own personal belief, that this next election,  
thats coming up next year, in November;  
that every American should march on Washington DC,  
and should fire every single person inside.

We the people  
Are so fucking tired  
Of all the corruption  
And lies  
This is Critical Mass

They have run this country into the ground.  
They have totally sold us out to the United Nations, uhm,  
for a buck, you know, for the debt.  
Do you know that were the only race?  
The only race, in our Galaxy, where people starve?  
That people are homeless?  
Uhm, I mean, its just, its such bull! It hasn't have to be like this.  
If you're alive and you are on the planet,  
and other civilizations, even the Draconian races,  
they take care of their own!  
They don't sell out each other like we do here.  
They don't throw somebody in the street  
because they don't have a paper, which is really what it is.  
The only value on it is what we believe it is.  
They just don't have that. You know.  
They don't let children starve. They don't feed grain to cattle that  
feed twenty percent of the population and let the  
other twenty-five percent that need the grain starve.  
Its unconscionable! They would never even think to do that.  
But we do it here, for bucks, for money, for power.
