

Beg Beg Beg

H.E.A.T

I wanna be your love divider
(you got me all fired up)
i want to be your one desire
(girl i cant get enough)
i cant believe how we never get it on
(get it on)
girl you are in my fantasies
i am on my knees

And i beg beg beg beg for your love
im begging on for you to hold on
beg beg beg beg for your love
and im begging on baby hold on

I said hold on!

No use in thinking about tomorrow
(take it step by step)
im down to a ?backseat of borrow?
of all the promises i will make in my life
(in my life)
this is the one i want to keep
until the end of time

And i beg beg beg beg for your love
im begging on for you to hold on
beg beg beg beg for your love
and begging on baby hold on

Come on!

Aaaalright
said i beg beg for your love...
