H.E.A.T

Meet sir Tommy Brown
He's the governor of Downtown
The law of every street
The city centers heartbeat

A friend is family
But they all have a different need
The vein that turns to gold
From the rush that Tommy sold

It goes on and on and on
Everyone sings that song
That slowly fades away
Making all the color turn
to different shades of grey

Sing...

Meet detective Tate
He's the law of the entire state
Feared by everyone
He write your do's and don'ts

"To server and protect"
Has a very week effect
When detective's gladly takes
The money Tommy pays

It goes on and on and on
Everyone sings that song
That slowly fades away
Making all the color turn
to different shades of grey
