

Freedom

H.E.A.T

I maybe stand in the rain on the promised land
But freedom is what I've got
But the land isn't made from the promise I gave
So freedom is what I've got
Freedom is what I've got

Someone's pleasure
Is another's pain
One man's loss is
Another man's gain

I know I'm courageous
I am not afraid
The future is coming
Come and take me away

And all I need is to be free

I maybe stand in the rain on the promised land
But freedom is what I've got
But the land isn't made from the promise I gave
So freedom is what I've got
Yeah, freedom is what I've got, yeah

When the storm is over
And we can see it all
When somebody's heartache
Is somebody's rush

But all I need is to be free

I maybe stand in the rain on the promised land
But freedom is what I've got
But the land isn't made from the promise I gave
So freedom is what I've got
Yeah, freedom is what I've got
Yeah, freedom is what I've got

I maybe stand in the rain on the promised land
But freedom is what I've got
But the land isn't made from the promise I gave
So freedom is what I've got

(I maybe stand in the rain on the promised land)
What I've got
(But freedom is what I've got)
What I've got
(But the land isn't made from the promise I gave)
So freedom is what I've got
Yeah, freedom is what I've got
