

Never Let Go

H.E.A.T

Baby I don't understand
the power you hold with the touch of your hand
I've been alone with this dream too long
oh baby never let go

My hands are shaking, come on and give it to me

Never let go never ever lonely when I hold you in my arms
Never let go together we are lovely when I hold you in my arms

Baby in my fantasies oh you and I are the? heavenly seen?
were in the float down the river of love
Oh baby never let go

(Hey Dave, you know what time it is, pick up the guitar, come on!
