

Carried Away

H.E.R.

Stare at the window
All by myself
Jaded and waiting for some kinda miracle, yeah
Love doesn't live here
And I've gotta love tears
Sorry if I can't imagine that you care, oh

Please
I never saw it coming
You wanna take me away
So please
Don't let it be for nothing before we get carried away, yeah

Ain't my fault I'm guarded
I'm good, I'll be okay
Fronting, I don't wanna be loved anyway
That's why I'll do as I say
'Cause I had a bad case
Losing the game I never wanted to play, ooh

Please
I never saw it coming
You wanna take me away
So please
Don't let it be for nothing before we get carried away
Before we get carried away, yeah

Before we cross the line, i-i-ine
Don't wanna take my chances if-
This ain't it, oh no
If you're not sure, then let me go, woah ooh

Please
I never saw it coming
You wanna take me away
So please
Don't let it be for nothing before we get carried away
Before we get carried away, yeah□
