Hold On

H.E.R.

On to me
You ain't been holding on
On to me
I can't wait too long, I don't wanna keep
It's hard to sleep
I wanna be free
Wanna be free
Free

How do you get somewhere comfortable
Then leave
Say something, baby
Something, baby
Running to you
Running from me
Don't wanna keep on
Don't wanna be so
Dependent on you
Depending on me
Don't wanna keep on, no

And if I hold on to you
I'm only hurting me
I know if I hold on to you
I'll never wanna leave

Go on, let me
Go on, set me free

Don't
Take me for granted
No
Every time I'm weak and alone
Deep in my bones
I know this ain't for me

How do you get somewhere comfortable
Then leave
Say something, baby
Something to me
Running to you
Running from me
Don't wanna keep on
Don't wanna be so
Dependent on you
Depending on me
Don't wanna be somewhere I don't know

And if I hold on to you
I'm only hurting me
I know if I hold on to you
I'll never wanna leave
