

I'm Not OK

H.E.R.

Sick to my stomach
Four in the mornin', I can't sleep
In and out the city, I'm
Worried 'bout where you may be
Feels like I've been here
Stressin' the things that I can't see
Where do you go? What do you do?
Without me
Without me

I'm not okay, I'm not okay
I'm not okay, no I'm not okay
I'm not okay, no I'm not okay
I'm not okay

Losin' my faith, I'm losin' my faith
Slippin' away, you're slippin' away
I'm not okay, no I'm not okay
I'm not okay

Feel a little guilty, uh
I feel like it's written all over me
Try to find a balance
Trustin' you, trustin' me
Feel a little heavy
Holding onto somethin' that I don't need
I've been going through it, yeah
I've been going through it

I'm not okay, I'm not okay
I'm not okay, no I'm not okay
I'm not okay, no I'm not okay
I'm not okay

Losin' my faith, I'm losin' my faith
Slippin' away, you're slippin' away
I'm not okay, no I'm not okay
I'm not okay

All I want, take me home
Hold me close, please don't let me go
I don't know, I don't know
Can you call from wherever you are?
Swear I feel you, hold me tight
Hold me tight, makes me cry
'Cause you're so far, here we are (here we are)
Here we are

I'm not okay, I'm not okay
I'm not okay, no I'm not okay
I'm not okay, no I'm not okay
I'm not okay

Losin' my faith, I'm losin' my faith
Slippin' away, you're slippin' away
I'm not okay, no I'm not okay
I'm not okay
