

Paradise

H.E.R.

Bordeux and Non Native

It's a lot of things I did wrong
But I'm hopin' you're at home
'Cause I'm movin' all alone
And I need you right now
I need you
I ain't worry 'bout the games they play
They ain't got a damn thing on you
It feel better with you

Girl, I'm on the way
But try not to get your hopes up
'Cause I probably not stay
I said, "I'm on my way"
Know you like when I'm top of you
I'm on bottom today (Bottom today)

You givin' me paradise
I don't think I'm ready
'Cause it's better than it's advertised
She ain't give it to me yet
But let me tell you that I fantasize
Every day, every day
Every day, every day
Every day (Yeah)

Come on over, come and get yo' issue
Don't be throwin' me no wrong signals
It's been a long time since I kissed you
It's been a long time
Hope you held that pussy on lock for me
Hope you had them bitches on block for me
I can give you what you want
I just need to know your intentions
And I'ma call you when I land, 'cause you know I miss you
I ain't worry 'bout the games they play
They ain't got a damn thing on you
Ooh
When I get off that plane, I'ma put it on you
I gave you somethin' last night you could feel in the morning
You making me drown, girl, I like when you rainin', you pourin'
Come put it on me, come put it on me

You givin' me paradise
I don't think you was ready
'Cause it's better than it's advertised
He ain't give it to me yet
But let me tell you that I fantasize
Every day, every day
Every day, every day
Every day (Yeah)
