

## Wait for It

H.E.R.

Uber on the way, my phone is chargin'  
He keep callin'  
I wanna pick it up, but I keep stallin'  
I feel some type of way  
It's late at night, and babe  
I ain't get dressed for nothin'  
I ain't put on this dress for nothin'  
So I'm comin', baby

Wait for it, wait for it, wait for it, yeah  
I'ma need for you to wait for it, wait for it, wait for it  
Baby can you wait for it, wait for it, wait for it?  
Baby can you wait for it? Wait for it  
Can you?

Yeah, I know you on the way, but now I want it  
I can't take it  
I'm merely tryna chill, but I'm impatient  
Stay on my mind  
Can't sleep at night  
And I ain't get dressed for nothin'  
I ain't put on this dress for nothin'  
I know you're comin'

Wait for it, wait for it, wait for it, yeah  
I'ma need for you to wait for it, wait for it, wait for it  
Baby can you wait for it, wait for it, wait for it?  
Baby can you wait for it? Wait for it  
Can you?
