

Your Way

H.E.R.

Baby I wanna come see you
Said I really wanna come see you
Don't you worry bout a thing
Just wanting to hold you
Baby I wanna come see you
Said I really wanna come see you
Don't you worry bout a thing
Just wanting to hold you

Boy, you've been lurking in my mind
And you know it wasn't long before
I had a feeling this would rise

Speeding down the 101
It's about twelve I wanna
Hear your voice, spend some one on one time with you
Now I ain't even gotta front
I can never get enough
We can do whatever you want to do

You can have it your way
Your way, your way, your way, your way
So I'm coming your way, your way
So you can have it your, have it your, have it your way

Babe, there ain't nothing left to say
Can't wait until we're standing face to face
I'll make sure there's no delay
You got me

Speeding down the 101
It's about twelve I wanna
Hear your voice, spend some one on one time with you
Now I ain't even gotta front
I can never get enough
We can do whatever you want to do

You can have it your way
Your way, your way, your way, your way
So I'm coming your way, your way
So you can have it your, have it your, have it your way

Maybe I'm going too far
I should just stay in the car
Maybe I'm losing my mind
I'm running all of the lights
Wondering what we are
We are, we are, we are
