

First Date

H-Town

You know I love my baby, come on, oh-oh-oh, say

You can tell I'm in love
If I invited you to church
Yeah, you can tell I'm in love
To be with you, you got me taking off work
Yeah, you can tell I'm in love
I invited you to my family barbecue
Yeah, you can tell I'm in love
I gave you the last bite of my food

You know I really wanna be with you (be with you)
I'm over here writing songs for you (songs for you)
You know I really wanna be with you (be with you)
I'm over here writing songs for you
Don't worry, I can wait
We don't have to have sex on the first date (no, no)
Don't worry, don't hesitate
We don't have to have sex on the first date

They say chivalry is gone
But no it ain't 'cause I'm standing right here
And if she's the one you want
Chase after her, don't have no fear

'Cause the longer that you wait
That's time gone to waste
That's room you created for the next man
[?] race, he's in front of you
Now you in last place

You know I really wanna be with you (be with you)
I'm over here writing songs for you (songs for you)
You know I really wanna be with you (be with you)
I'm over here writing songs for you
Don't worry, I can wait
We don't have to have sex on the first date (no, no)
Don't worry, don't hesitate
We don't have to have sex on the first date

You can tell I'm in love
By the way that I look at you
You can tell I'm in love
If you wanna open up, I'll keep you in the loop
You can tell I'm in love
I show it through my actions
'Cause it's more than just overt, yeah
You can tell I'm in love
When I make a promise I'ma keep my word

Whatever you want
I ain't tripping girl
I'm ready to give it your love, yeah
Long as I can have you right here
All up in a future with me

'Cause the longer that you wait

That's time gone to waste
That's room you created for the next man
[?] race, he's in front of you
Now you in last place

You know I really wanna be with you (be with you)
I'm over here writing songs for you (songs for you)
You know I really wanna be with you (be with you)
I'm over here writing songs for you
Don't worry, I can wait
We don't have to have sex on the first date (no, no)
Don't worry, don't hesitate
We don't have to have sex on the first date

Oh, my baby
My precious little baby
My, my, my, oh, yeah
Oh, my baby, yeah
