Searching for us a Heaven,
Catching HELL on Earth,
Trying to find someone to love her,
The lust in me stand up,
Now you searching from another,
now she got a baby,
Trying to support child and keep her head
above the water,
Turned to the system,
the system turned her away,
Now the girl is afraid of dying or catching H.I.V.,
but what is she to do from the prostituting,
Gotta support the child to keep it up on my part,
Yeah

It's a lonely night, (tryna find the mornin')
In a cold cold world, (just to have her kid lonely)
It's a lonely night, (tryna find yourself)
In this manly world, (now baby)
