

## Nothing To Prove

H2O

Me and all my friends we've got nothing to prove, nothing to lose!

Me and all my friends we've got nothing to prove, nothing to lose!

You know us and what we achieved  
From the streets of L.E.S. to your TV

Me and all my friends we've got nothing to prove, nothing to lose!

Me and all my friends we've got nothing to prove, nothing to lose!

Many have come, and many will go  
But 20 years later who's still running the show

Hard times have come our way - We held it down kept the PMA!  
With only one voice we have more to say - still mentally vexed  
TCOB!!

Me and all my friends we've got nothing to prove, nothing to lose!

Me and all my friends we've got nothing to prove, nothing to lose!

Nothing to lose!
