

Deep

Haddaway

Deep, deep inside my hands
People exist and they all play dead
So now I welcome you, straight into my dreams
Don't take pictures, do just what you please

And now I'm
And now I'm
And now I'm here

And now I'm deep in the arms of heaven
Deep in the arms of love
I'm so glad that I found you
So glad that we got love
Deep in the arms of heaven
Deep in the arms of love
I'm so glad that I found you
So glad that we got love

Speak, speak and make you feel so weak
I'm driving in circles, but I'm on my feet
I'll open the window just to get some air
My baby she kisses me and she said she cares

And now I'm
And now I'm
And now I'm
And now I'm
And now I'm here

And now I'm deep in the arms of heaven
Deep in the arms of love
I'm so glad that I found you
So glad that we got love
Deep in the arms of heaven
Deep in the arms of love
I'm so glad that I found you
So glad that we got love

Deep in the arms of heaven
Deep in the arms of love
I'm so glad that I found you
So glad that we got love
Deep in the arms of heaven
Deep in the arms of love
I'm so glad that I found you
So glad that we got love
Deep...
