

Love Is Blind

Haddaway

Sometimes love is blind
Talking 'bout your troubles and you'll live out your lies
Love is blind
Talking 'bout your troubles baby
You were the first to say
Our couple's just a number at the end of the day
In your eyes I see faith
We're standing for our teacher but you're blocking the way

Oooh, oooh, oooh
Love is blind, love is blind
You know love is blind
Oooh, oooh, oooh
Love is blind, love is blind
You know love is blind

Just, just talk about love
Just, just talk about love
Just, just talk about love
Just, just talk about love

You wanna talk, talk to me
I'm still waiting for the moment just to set your soul free
Please take a chance, take my hand
You're waiting for that love well baby I'll be your man

Oooh, oooh, oooh
Love is blind, love is blind
You know love is blind
Oooh, oooh, oooh
Love is blind, love is blind
You know love is blind

Oooh, oooh, oooh (Just, just talk about love)
Love is blind (Just, just talk about love)
Love is blind (Just, just talk about love)
You know love is blind (Just, just talk about love)
