Man in the Moon

Haddaway

For a year and today
Just floating away
With the world in your face
I stand still in space
With a blink of an eye
I still got to try
I still wanna fly

Man in the moon
Stars in the sky
Glittering damage
Take me as high
Man in the moon
What do I say?
Send me a rocket
And take me away

The strangest to see
The earth with you and me
I stand here in vein
Above the whole human race
With a blink of an eye
Our bombs start to fly
The children all will die

Man in the moon
Shivering night
[?]
Open to fly
Man in the moon
I used to ride
Give me a signal
And show me to fly

Show me how to fly
Show me, show me, how to fly

For a year and today
Just floating away
With the world in my face
I stand still in space
With a blink of an eye
I still got to try
I still wanna fly

Man in the moon
Stars in the sky
Glittering damage
Take me as high
Man in the moon
What do I say?
Send me a rocket
And take me away

Send me a rocket and take me away
Take me away
Take me away

```
Take me away
Take me away
```
