Fail

Hades

Grab the good times while and when you can They are few and far between Simply glitches, lapses in the gloom This I know, this I've seen

The Darkess Prevails It wins without fail Can't care anymore but when I am With you it all seems fine

Grab the money, run off far away Your problems; you'll escape What does success mean to enslaved clones? The world is all their's to rape In darkness

Take these words I spill onto this page All ideas are now on sale You can't enjoy wealth All alone in a cag
