

## Don't Ask

Hadise

Ooh , I'm lying next to you  
Feeling so good with all the things you do  
Ooh, I'm falling in love  
And I'm in love with you  
So don't you ask, so don't you ask this too

Was he good?  
Was he better than me?  
Was he good ?  
Was he better than me?

What's the matter with you ? Why you bringing this up ?  
Why you're talking 'bout my ex after we had sex?  
Does it matter to you? Why you're bringing this up ?  
What's in the past is in the past  
So don't ask

Ooh, I love your sense today  
Today I saw your face and we dance the night away  
Ooh , don't make me turn away  
Between the sheets you don't say  
The things you're about to say

Was he good?  
Was he better than me?  
Was he good ?  
Was he better than me?

What's the matter with you ? Why you bringing this up ?  
Why you're talking 'bout my ex after we had sex?  
Does it matter to you? Why you bringing this up ?  
What's in the past is in the past

What's the matter with you ? Why you bringing this up ?  
Why you're talking 'bout my ex after we had sex?  
Does it matter to you? Stop bringing him up  
What's in the past is in the past  
So don't ask, don't ask, don't ask, don't ask

What's in the past is in the past  
If you're in love than why do you ask ?  
If he was better than why am I here?  
What am I doing here lying in my bed?

Was he good?  
Was he better than me?  
Was he good ?  
Was he better than me?

What's the matter with you ? Why you bringing this up ?  
Why you're talking 'bout my ex after we had sex?  
What's it matter to you ? Why you're bringing this up ?  
What's in the past is in the past  
So don't ask

Stop bringing him up, stop bringing him up  
Stop bringing him up , stop bringing him up

Stop bringing him up , stop bringing him up  
Stop bringing him up , stop bringing him up  
Stop bringing him up , stop bringing him up (Don't ask)

Don't ask  
Don't ask
