Obsession

Hadise

Da da da, da da da da da da
Da da da, da da da da da da

Tossing and turning, the whole night the same, no good
My heart keeps on burning and hurting because of you
Night after night I see faces that scream in my head
Voices say, “Silly girl, don’t do things that your gonna regret”

You’re the fantasy I’ve longed for, I want more
You’re the enemy I ran for in a war
You’re the keeper of the secrets of my soul
Are you playing with my feelings? I don’t know

What you doing to me? What you doing to me?
I’m drowning in your passion
What you doing to me? What you doing to me?
It’s worse than an obsession

Da da da, da da da da da da
Da da da, da da da da da da
Da da da, da da da da da da
Da da da, da da da da da da

Tossing and turning, it hurts not to be with you
Dreams reoccuring but still not a dream come true
Night after night I realise this is no good
But I close my eyes just to hide from the pain for truth

You’re the fantasy I’ve longed for, I want more
You’re the enemy I ran for in a war
You’re the keeper of the secrets of my soul
Are you playing with my feelings? I don’t know

What you doing to me? What you doing to me?
I’m drowning in your passion
What you doing to me? What you doing to me?
It’s worse than an obsession

Tossing and crying, kissing and turning
Tossing and crying, night after night
Tossing and crying, kissing and turning
Tossing and crying

Tossing and crying, kissing and turning
Tossing and crying, night after night
Tossing and crying, kissing and turning
Tossing and crying

What you doing to me? What you doing to me?
I’m drowning in your passion
What you doing to me? What you doing to me?
It’s worse than an obsession

What you doing to me? What you doing to me?
I’m drowning in your passion
What you doing to me? What you doing to me?
It’s worse than an obsession
