Check one, check two  
Block my check  
I'ma gonna scream and shuffle this one  
If you can't see that, put your specs on  
If you can't hear, I've popped your ear drum

Check one, check two  
Block my check  
I'ma gonna lose it now, for this song  
If you can't see that, put your specs on  
If you can't hear, I've popped your ear drum

Oh  
My  
We're dropping this fun  
All  
Night  
Like we're in the zone  
Oh, we're bringing it on  
Oh, I said we're bringing it on

For the masses, jumping up on the set  
Check one, check two  
Block my check  
For the masses, yeah, its only respect  
Check one, check two  
Block my check  
DJ!  
Slap this raw on the deck  
Check one, check two  
Block my check  
I'm gonna head to the back  
Keep pumping noise  
Check one, check two  
Block my check

(check)

I wanna take your mind and soul  
I wanna take your mind and soul  
I wanna take your mind and soul  
Right to the core  
Right to the bone

I wanna take your mind and soul  
I wanna take your mind and soul  
I wanna take your mind and soul  
Right to the core  
Right to the bone

I wanna take your mind and soul

I wanna take your mind and soul  
Right to the core  
Right to the bone
