Fighter

HAERTS

I don't know what you're fighting for
When you got it so good, but you still want more
But I know, but I know, but I already know your game

There's something that you want that you never took
You should leave it alone, but it tasted too good
And I know, and I know, and I know that it won't be tamed

You wanted to believe in me
You followed on
You followed close behind

And all you gave you gave it all
You thought you had
You thought you had me blinded

But I don't know if I can be your fighter
And I don't know if I can be your gun
I give you all you need, I surrender
I give you back the power that you want

When you give me your arms, I will give you my soul
When you fly with me, I'll turn your silver to gold
And I know and I know and I know that we'll never fall

And there's something in the air and you know it's good
But you'll never believe until your ready to loose
And you know, and you know, and you know when you hear me call

You wanted to believe in me
You followed on
You followed close behind

And all you gave you gave it all
You thought you had
You thought you had me blinded

But I don't know if I can be your fighter
And I don't know if I can be your gun
I give you all you need I surrender
I give you back the power that you want

Surrender to you
Surrender to me
The power I give
The power I feel

Surrender to you
Surrender to me
The power I give
The power I feel

But I don't know if I can be your fighter
And I don't know if I can be your gun
I give you all you need I surrender
I give you back the power that you want
