

It's Too Late

HAERTS

What if I could find another way to fly
Let me go back to the moment
When our love was held together by the sky
Could I be the one you wanted
What if I could be the fire and the flame
Know a love that I could stop for
What if I could only open up my hands
One receiving, one to offer

It's too late now
Too late now
It's too late now
It's too late, too late

What if I had know another way to give
Would I still go through the motions
What if I could fall forever like the rain
Would you find me in the ocean

It's too late now
Too late now
It's too late now
It's too late, too late

What if I go back
What if I find
No one to hold on to
No peace of mind
Don't say it's all gone
It's too hard to take
Cause babe I still hold on
Babe I still hold on

It's too late now
Too late now
It's too late now
It's too late, too late

It's too late now
Too late now
It's too late now
It's too late, too late

Too late
Too late
Too late
Too late
