

Call me all, but not alone  
Call me frozen, I've traveled through a storm  
And in a way I wasn't free  
Never knew, but now it's all that's left of me

Give it all or never  
You show the way that you feel  
And if it matters to you  
It must matter to me

It's all that matters  
You show, you better believe  
And if it matters to you  
You know it matters to me

You won't grow, if you don't feel  
When it's cold you know there's nothing in between  
And I'll be there, I won't pretend  
I'd give it all for you, I'd give it all again

Give it all or never  
You show the way that you feel  
And if it matters to you  
It must matter to me

It's all that matters  
You show, you better believe  
And if it matters to you  
You know it matters to me

I'm guilty of silence, I'm guilty of hiding my soul  
I can't fight the regret, I remember oh how I was wrong  
In the dark of the night  
I look up in the sky  
And you're gone  
Now I'm down on my knees  
Begging you  
Let me fall

Give it all or never  
You show the way that you feel  
And if it matters to you  
It must matter to me

It's all that matters  
You show you better believe  
And if it matters to you  
You know it matters to me

It's all that matters  
You show the way that you feel  
And if it matters to you  
It must matter to me

It's all that matters  
You show you better believe  
And if it matters to you

You know it matters to me
