

SunKissing

Hailee Steinfeld

I had a dream that we were underwater
Drownin' in us
I've had a feeling there's something up above
Maybe it's love

California
Right in front of ya
Fast lane follower
Baby, take my hand and don't let go

Come and catch a wave
Fade away like it rains in the summertime (In the summertime)
Make every mistake
We'll just fly far away, higher than the sky (Higher than the sky)
Light drifting, sun kissing (Ooh)
Light drifting, sun kissing

I hear it calling, swimming every summer
Drownin' in us
Singing like starlings, maybe you're the one
Forever love

California
Right in front of ya
Fast lane follower
Baby, take my hand and don't let go

Come and catch a wave
Fade away like it rains in the summertime (In the summertime)
Make every mistake
We'll just fly far away, higher than the sky (Higher than the sky)
Light drifting, sun kissing (Ooh)
Light drifting, sun kissing (Ooh)

Light drifting, sun kissing (Ooh)
Light drifting, sun kissing
(It's you that I've been missin')
(It's you that I've been missin')
(Ooh)

California
I'll take all of ya
California
Right in front of ya (Ooh)

Light drifting, sun kissing (It's you that I've been missin')
Light drifting, sun kissing (Drownin' in us)
Light drifting, sun kissing (It's you that I've been missin')
Light drifting, sun kissing (Maybe it's love)
(Ooh-ooh)
