

Get Around

Hailey Whitters

I'm the cover girl, front of [?]
[?] 2am and I'll come right over
Quick turnover and then on to the next
I don't know why I do it
But I sure know how to do it
Got Daddy issues, black stained tissues
Put the [?]

And word get around that I get around
Yea I'll get around to living it down
It ain't easy being easy
Ain't the clothes on the floor
'Til you don't need me
You get what you put out

I get home, Sunday morning
And I dress up Sunday morning
I'm on my business, small town crooks
The first to cast a stone
But we all got our own demons
Mine's a look that comes without feelings
What's one more number? I'll just get another
Won't you take home?

And word get around that I get around
Yea I'll get around to living it down
It ain't easy being easy
Ain't the clothes on the floor
'Til you don't need me
You get what you put out

And word get around that I get around
Yea I'll get around to living it down
It ain't easy being easy
Ain't the clothes on the floor
'Til you don't need me
You get what you put out
Yea you get what you put out
