

It'll Do

Hailey Whitters

This thing on?
Check, mhm
Ooh, ah, yeah
Mhm

This beer in the can sitting in my hand
Is getting a little warmer by the minute
This ain't no crystal palace
Got a pop top on my chalice
But it's still gonna take me to the limit

This song ain't got no fiddle
But it's still got that sizzle
Shake these Wranglers like it's 1992
This boy ain't ring potential
But he pulled me in the middle
And he's dancing me 'round get over you

It'll do till I don't
Waste another drop of beer about you being gone
It'll work, do the trick
Get me back up in the saddle right quick
Yeah, this heart might be broke
But hey, after it's had a few
This tied up tight will cut right loose
Ain't no telling what it'll do
But it'll do

We only got an hour
Let's switch to whiskey sour
Even though they're all watered down
This ain't no "poor me" sentence
When love gives me lemons
Gotta turn your heartbreak around

It'll do till I don't
Waste another drop of beer about you being gone
It'll work, do the trick
Get me back up in the saddle right quick
Yeah, this heart might be broke
But hey, after it's had a few
This tied up tight will cut right loose
Ain't no telling what it'll do
But it'll do

It'll do me good
Do me right
Might do me in tomorrow
But hey tonight

It'll do till I don't
Waste another drop of beer about you being gone
It'll work, do the trick
Get me back up in the saddle right quick
Yeah, this heart might be broke
But hey, after it's had a few
This tied up tight will cut right loose

Ain't no telling what it'll do
Ain't no telling what it'll do
But it'll do

Mhm
Ooh, ah
Ooh, ah
Mhm
Uh-huh, yeah
Ooh, ah
