

# All over me

HAIM

Your place or my place, it doesn't matter to me  
Your lips, my tongue, they're intertwined  
You want us locked in and I'll give you my sympathy  
But that's one thing I won't define

So take off your clothes (Clothes)  
Unlock your door (Door)  
'Cause when I come over  
You're gonna get some

I know it's not (Not)  
Quite what you want (Want)  
Being on call for me  
Waiting up for me  
But when I want you

I want you all over me  
I want you all over me

Your bed or my floor, but don't tell me that you're in love  
'Cause I'm not trying to walk the line  
And whoever you see, I'm saying is fine with me  
'Cause I won't say what I'm doing tonight

You know I've always had a wild heart  
And that won't ever change  
So when you see me out with someone else  
I will not be ashamed

To want you all over me (When I want you)  
I want you all over me (When I want you)  
I want you all over me (When I want you)  
I want you all over me (When I want you)

Walk away from me  
Don't talk that way to me  
Just trust me  
We'll meet in secrecy  
After the party  
And when you're face to face with me  
On your knees, or underneath

I want you all over me (When I want you)  
I want you all over me  
But when I want you  
I want you all over me (When I want you)  
I want you all over me (When I want you)
