

Gone

HAIM

Can I have your attention please?
For the last time before I leave
On second thought, I changed my mind
Been in this graveyard all my life

I'll do whatever I want
I'll see who I wanna see
I'll fuck off whenever I want
I'll be whatever I need

Now I'm gone
Quick as a gunshot
Born to run
Can't be held up
Now I'm free, finally
You packed my shit
But it's nothing I needed

You can fool some people some of the time
And I was one of those fools
But you can't fool everyone all the time
'Cause it catches up with you

Now I'm gone
Quick as a gunshot
Born to run
Can't be held up
Now I'm free, finally
You packed my shit
But it's nothing I needed

Now I'm gone
Now I'm free
Born to run
Nothing I need

You can hate me for what I am
You can shame me for what I've done
You can't make me disappear
You never saw me for what I was
You can't fake it (No you can't)
I won't make you (No I won't)
I won't change you (What's the point?)
Since I'm gone (On my own)

You can't say it (No you can't)
You can't pray it away (On your knees)
You don't see me (I'm just a ghost)
It's what I want (What I want)
What I want (What I want)
What I want (What I want)
It's what I want (What I want)
It's what I want

Na, na, na, na, 'cause I'm gone
Na, na, na, na, what I want

You can hate me for what I am
You can shame me for what I've done
You can't make me disappear
You never saw me for what I was
You can't fake it
I won't make you
I won't change you
Till I'm gone

Unill I'm gone
Unill I'm free
