

Now it's time

HAIM

You never said the things that I want to hear
You don't even understand why I'm still here
Hitchhiking on the road to oblivion
Now I own the mud that I'm standing in
Yeah, it's mine, yeah, it's mine

You never could give what I needed then
So how could I expect something different?
It's got to come from me to find a way
Just don't expect me to look back on the good old days
'Cause you never tried, you never tried
Ah, you never tried, you never tried

I'm not asking anymore for an apology
I can't wait anymore for you to set me free
It isn't yours to give, it has to come from me
Yeah, it's mine, yeah, it's mine, yeah, it's mine
It's mine

You'll never give the perfect ending
Not that anybody could
I know, I know I held onto it too long
But when I see you on the street
Go ahead, withhold apologies
The real barrier to break
Is the one I feel inside
Now it's time
Yeah, it's time
To let go

And I realize now you will always find a way
To keep feeling okay with lying to my face
It was not for me to wait
It was not for me to change
And I'm reaching out to say
I never gave two fucks anyway
