

# Spinning

HAIM

I'll never be the first to say  
But when you give me love, I'd give it to you  
And if you have to wait backstage  
You know I'll leave your name by the stage door

When I stand on my feet I'm dizzy  
I can feel it  
When I sleep, in my dreams  
All I see, tunnel vision  
Remind me why do you love me?

I'm spinnin' around, why am I actin' so strange?  
Been dizzy and down, but now I'm tryin' to forget about it  
Slow it down before the time runs away  
I'm spinnin' around, but I don't want to forget about it

There's so much I could let you know  
But there are some things I keep to myself  
Still I'm not givin' up the ghost  
And I won't share my dreams with no one else

In my chest, in my heart  
It won't stop, it keeps beatin'  
Close my eyes, rest my head  
I can feel, I can dream it  
Remind me, why do you love me?

I'm spinnin' around, why am I actin' so strange?  
Been dizzy and down, but now I'm tryin' to forget about it  
Slow it down before the time runs away  
I'm spinnin' around, but I don't want to forget about it

I'm spinnin' around  
I'm slowin' it down  
'Cause I don't want to forget about it

I'm spinnin' around, why am I actin' so strange? (I'm spinnin' around  
)  
Been dizzy and down, but now I'm tryin' to forget about it  
Slow it down before the time runs away (My head is up and down)  
I'm spinnin' around, but I don't want to forget about it

I'm spinnin' around, why am I actin' so strange? (I'm spinnin' around  
)  
Been dizzy and down, but now I'm tryin' to forget about it  
Slow it down before the time runs away (My head is up and down)  
I'm spinnin' around, but I don't want to forget about it
