

## Going Down

Hair

Me and Lucifer  
Lucifer and me  
Just like the angel that fell  
Banished forever to Hell  
Today have I been expelled  
From high school heaven

Elevator going down  
Going down

This is my doom, my humiliation  
October, not June  
And it's summer vacation  
Such a disgrace  
How can i face the nation?  
Why should this pain  
Bring me such strange elation?

Emancipation proclamation  
Oh Dr. Lincoln  
My head needs shrinkin'  
Lu lu lu lu lu Lucifer and me  
Doomed from here  
To e-ter-ni-ty!

Everybody going down down down  
Going down

Forgive me if I don't cry  
It's like the Fourth of July  
Thank God that angels can fly  
Going down down down
