Me and Lucifer
Lucifer and me
Just like the angel that fell
Banished forever to Hell
Today have I been expelled
From high school heaven

Elevator going down Going down

This is my doom, my humiliation October, not June And it's summer vacation Such a disgrace How can i face the nation? Why should this pain Bring me such strange elation?

Emancipation proclamation
Oh Dr. Lincoln
My head needs shrinkin'
Lu lu lu lu lu Lucifer and me
Doomed from here
To e-ter-ni-ty!

Everybody going down down down Going down

Forgive me if I don't cry
It's like the Fourth of July
Thank God that angels can fly
Going down down
