

## Blue Sky

Hale

When do stars fade their light?  
Does the moon and the sun make it right  
For you the world maybe  
Like an endless storm chasing a mystery  
Is there hate in your heart?  
Does your body drop and tell you to stop  
Loving you or loving me  
When it all falls down you just sing with me  
chorus:  
Coz there's a blue sky waiting tomorrow  
Waiting tomorrow shining and shimmering  
A blue sky waiting tomorrow  
Waiting tomorrow  
Maybe it's all we need  
Oh don't you wash away that smile  
You just look out the window and see the light  
It's beautiful to be alive  
It's wonderful to live a life  
The sun is sure to shine  
For you and me for everyone  
So don't be sad it's just the start  
Of a new beginning in your life(chorus)  
Rain will keep on pouring  
Some things you can't control  
And while the sun seems far and hard to hold  
It will unfold  
There will always be a blue sky  
A blue sky waiting tomorrow full of hope  
Yeah, full of hope yeah(chorus)
