

We Are

Hale

We all
Bleed the same blood
Sing the same song
Seek the same love
Let's come together now

"He said, she said
You did, I did it"
Doesn't get us anywhere
'Cause I'm right and you're wrong
You're wrong to think
Alone you are strong

We all
Bleed the same blood
Sing the same song
Seek the same love
Let's come together now
Know that we are flawed
Scarred but we can learn
Choose to rise above
Together we are

'Cause I can't, if you can't
We can if you like tomorrow with today
You take a chance with me
Took every chance you get
You never know how, how to let it be

We all
Bleed the same blood
Sing the same song
Seek the same love
Let's come together now
Know that we are flawed
Scarred but we can learn
Choose to rise above
Together we are

Oh, what have we done
The past can be undone
Though we must not be afraid
To start again
[?] and move forward
Till we're brand new

We all
Bleed the same blood
Sing the same song
Seek the same love
Let's come together now
Know that we are flawed
Scarred but we can learn
Choose to rise above
Together we are
Together we are
Together we are

Together we are
Together we are
Together we are
Together we are
