

Don't Say A Word

Halestorm

Please don't
I've heard it all before
I won't ask what I don't want to know
I don't want to listen anymore

Please don't give me that feeling too
I won't say I will ever leave you
I don't want to feel the truth
But I do
Don't say a word
I know everything
Don't say a word
Let's go back to sleep
'Cause it hurts
It hurts too much to think
Don't point fingers at 3 AM
I am doing the best that I can
I won't ask for more than a man
Don't say a word
I know everything
Don't say a word
Let's go back to sleep
'Cause it hurts
It hurts too much to think
No it hurts too much to think
No it hurts too much to think

No love, no regrets
We hold our place
We'll figure it out
How to sleep with our doubts
Just let me explain
Don't say a word
Don't say a word
Don't say a word
No
'Cause it hurts too much to think
No it hurts too much to think
No it hurts too much to think
(Just let me explain)
