

Gypsy Grifter

Halestorm

Will you hold my place
I'm going away
I'll be away so long (away so long)

Keep my picture
Remember my face
I'll be away so long (way too long)

Please, please
Don't say
You're not enough
I promise you
Soon, I will be coming home

Yeah, yeah, hH=ey

Will you follow me?
Will you follow?
Hey
Will you follow me?
Will you follow?
Hey
Will you follow me?
Will you follow?
Hey
Oh no
Just a little closer

If you hear this song
Will you know it's for you?
You've been good so long (good too long)
Among this gypsy grifters
There's not much I can do
I've been waiting so long (waiting too long)

I know (I know) I know
Without your arms to hold, it's not the same
I, I, I, I
Pay tribute to you, every day
Hey, hey, hey

Will you follow me?
Will you follow?
Hey
Can you follow me?
Will you follow?
Hey
Can you follow me?
Will you follow?
Hey
Oh no
Just a little bit longer
Yeah

Morning light
Just a little bit longer
Staying strong

Never givin', never givin' up

Hey

Will you follow me?

Never follow?

Hey

Will you follow me?

Never follow?

Hey

Never follow me?

Never follow?

Hey

Just a little bit longer
