i forgive you

Halestorm

I love you, but I hate you
And I'll never know why you did those things to me
But I'm not going to vent
I've sung too many songs for you
Nothing mattered anymore
Cause I love you, I hate you
But I know you too well
I've grown now
I've let go
I've returned from my solitary hell

And I forgive you
It hurt but it's over now
And I forgive you
And if we started again then I'd know how
But I'll never love you the same way again

It wasn't my fault, was it?
But guess what
I forgive you

So maybe I have some regrets
But I don't know whether I'd do it different anyhow
Maybe I'm thankful
Cause if it wasn't for your foolish ways
Maybe I wouldn't be as strong as I am now

Because I love you, I hate you
But I know you too well
I've grown now
I've let go
I've returned from my solitary hell

And I forgive you
It hurt, but it's over now
And I forgive you
And if we started again then I'd know how
But I'll never love you the same way again

That wasn't my fault, was it?
But guess what
I forgive you
I forgive you

I love you, I hate you
But I know you too well
I've grown now
I've let go
I've returned from my solitary hell

And I forgive you
It hurt, but it's over now
And I forgive you
And if we started again then I'd know how
But I'll never love you the same way again

That wasn't my fault, was it?

```
Guess what
Guess what
I forgive you

It hurt, but it's over, over now
And I forgive you
And if we started again then I'd know how
But I'll never loathe you the same way again

That wasn't my fault was it?
But guess what
I forgive you
```
