

# Mayhem

Halestorm

I'm so bored  
With this world that spins around me  
Used to make me dizzy  
I'm so tired  
Of these boys that hang around me  
Used to drive me crazy

A little mayhem never hurt anyone  
Where'm I gonna get some?  
A little bedlam 'til I'm coming undone  
Where'm I gonna get some?

A little mayhem never hurt anyone  
I'm a gonna get some, get some, get some  
A little bedlam 'til I'm coming undone  
I'm a gonna get some, get some, get some, oh

Cruel intentions  
Wind me in a spiral  
I'm waiting to unravel  
Twisted motives  
Drive me in a circle  
I'm dying to untangle

A little mayhem never hurt anyone  
Where'm I gonna get some?  
A little bedlam 'til I'm coming undone  
Where'm I gonna get some?

A little mayhem never hurt anyone  
Where'm I gonna get some, get some, get some?  
A little bedlam 'til I'm coming undone  
Where'm I gonna get some, get some, get some?  
Oh, oh, oh

I wanna feel the chaos  
I wanna hear the uproar  
A little pandemonium  
I know I'm not the only one  
I wanna be blown away  
I wanna feel the walls shake  
I wanna feel the walls shake  
I wanna feel the walls shake  
Shake it shake it shake it...

Oh  
1, 2, 3, 4, oh

Looking for some Mayhem  
Need a little Mayhem  
Need a little Mayhem  
Looking for some Mayhem  
Looking for some Mayhem, yeah, yeah  
Need a little Mayhem  
Want to hear some Mayhem, yeah
