

# Nobody

Halestorm

I'm your drug of choice  
Or your inner voice  
I'm a shout in the dark  
Cutting through all the noise

The end of the rope  
Or your only hope  
I'm an angel sent from heaven  
Here to lead you home

So don't give up  
I'll be tough  
Enough for the both of us  
Invincible, untouchable  
So nobody knows

Nobody knows I'm a nobody  
No one can see that I'm blind  
I look like a winner  
I'm a loser, baby  
It's all just a trick in your mind  
And nothing gives away like nothing  
I'm hiding here in the lie  
Nobody knows I'm a nobody  
And I'm your hero and I

I'm a missing piece  
Something to believe  
I'm the only thing  
That keeps you from bleeding out  
I'll be your tourniquet  
Or a surrogate  
I'm a good excuse for all your bad habits

So don't give in  
Don't let them win  
They don't know  
The shape we're in  
We're invincible, we're untouchable  
So nobody knows

Nobody knows I'm a nobody  
No one can see that I'm blind  
I look like a winner  
I'm a loser, baby  
It's all just a trick in your mind  
And nothing gives away like nothing  
I'm hiding here in the lie  
Nobody knows I'm a nobody  
And I'm your hero  
I'm your hero and I  
I, yeah, oh

Nobody knows  
Nobody knows  
  
Nobody knows I'm a nobody

No one can see that I'm blind  
I look like a winner  
I'm a loser, baby  
It's all just a trick in your mind  
And nothing gives away like nothing  
I'm hiding here in the lie  
Nobody knows I'm a nobody  
And I'm your hero and I  
I'm your hero and I  
I'm your hero  
I'm your hero  
I'm your hero  
I'm your hero
