

a true love

Haley Blais

I never had a love
I never had a one true love
No I never had a heart
I never had a heart that I could trust
I never had a love
I never had a one true love
But I always had a heart inside me

I never saw the sky as anything but blue and white
Sometimes brought the rain
And I kissed my hand from the inside
No I never saw the sky
And when it rained I stayed inside
But I always had a kiss inside me

And I know that life was made from making love
Have arms to hold and hands to touch
Holdin' them myself is just no fun
And I know you feel it in your toes and brain
Right down your spine and up again
So what good are those few limbs without someone?

I never had a love
I never had a one true love
But I always had a heart inside me

I never knew the look
That Romeo had when he set
His sights on Juliet
But I guess they both ended up dead
No I never knew the look
My eyes, they see but none see back
But I always keep that look inside me

I never had a love
I never had a one true love
No I never had a heart
I never had a heart that I could trust
I never had a love
I never had a one true love
But I always had a heart inside me

So won't you love
Love love me

Won't you love me
Why don't you love me
Why don't you love me

And I know that life was made from making love
Have arms to hold and hands to touch
Holdin' them myself is just no fun
And I know you feel it in your toes and brain
Right down your spine and up again
So what good are those few limbs without someone?

I never had a love

I never had a one true love
But I always had a heart inside me

So won't you love
Love love me

Won't you love me
Why don't you love me
Why don't you love me
