Going back to normal
You wear your dress at winter formal
Would you go back and do it over again?
Put my hands above the table
I'm afraid that I'm not able
To hit the reset button after I have gone
Hit the reset button after I have gone

I'm not scared of taking chances
I think failure is romantic
If you forget, or just don't care
Hit the reset button after I have gone
Hit the reset button after I have gone
Just hit the reset button after I have gone

Can we keep the candle burning?
There's a sense in reassuring
I don't have to do it over again
You say that I am a good person
But my condition, it may worsen
So hit the reset button after I have gone
Hit the reset button after I have gone
Hit the reset button after I have gone
Hit the reset button after I have gone
Just hit the reset button after I have gone
