

## The Cabin

Haley Blais

Never said that it was funny  
But I'm laughing anyway  
Instead of holding on I dropped the rope into the lake  
I'm drowning

Never said that it was easy  
But we're cruising anyway  
This boat is going faster than my eyes can even say  
I'm flying

If it's just a hesitation  
Will we ever see that place  
A beer soaked memory - who gave me beer in seventh grade?  
Mom's spying

Why is it so hard to get up on the board?  
I'll sleep in the hot room 'till they call me for more

I don't wanna be the smoke inside the living room  
Can we open up the patio door?  
I don't wanna be the wet inside your swimming shoes  
Can you take me out and shake me on shore?  
I don't wanna be the smoke inside the living room  
Can we open up the patio door?  
I don't wanna be the wet inside your swimming shoes  
Can you take me out and shake me on shore?  
I don't wanna be the smoke inside the living room  
Can we open up the patio door?  
I don't wanna be the wet inside your swimming shoes
