

Freaky Friday

Haley Joelle

If I was you for one day
Like Freaky Friday
And traded hearts with you
If I put you in my shoes
Would you feel the way that I do
Since the moment we went sideways?
You'd be a lightweight
I'd laugh and feel relieved
'Cause if I'm you maybe I'd see
How you don't feel about me

I would taste whatever medicine
It takes to get a lesson in
How to let you go
And I want you to know
The mess my head is in

'Cause I'm really good at missing you
I do it all the time
I could teach you how to miss me
I know you don't but I could try
And you're really good at keeping me
So compartmentalized
If I teach you how to miss me
Will you teach me how to move on with my life?

I'll never understand how
You blink and blackout
Every night we've spent
Us eating ramen in your bed
'Cause I leave and you forget, so
Maybe you could show me how to do it
You're so good at moving on
I don't know how you're through it
Tell me what I'm doing wrong
And I could show you how
To feel the way that I do now

'Cause I'm really good at missing you
I do it all the time
I could teach you how to miss me
I know you don't but I could try
And you're really good at keeping me
So compartmentalized
If I teach you how to miss me
Will you teach me how to move on with my life?

How to look you in the eye
And not love you like I do
If I were you
Then I could lie
Next to you for just one night
And not love you like I do
Oooo

'Cause I'm really good at missing you
I do it all the time

I could teach you how to miss me
I know you don't but I could try
'Cause I've been trying for 9 months
To get you out my mind
If I teach you how to miss me
Will you teach me how to move on with my life?
