

Me And My Past

Haley Joelle

I wanna run every time
Somebody new enters my life
Give it a month, usually I
Don't let 'em in so then it dies

Let me start at the beginning
So you know what you'll be getting
Cause I wanna try
To be open with you

Me and my past
We are a package deal
I've been through some shit
And I still gotta heal
Carry it everywhere I go
Thought that I should let you know 'bout
Me and my past
I gotta ask
Can you deal with that?
Uhhhh
Uhhhh
Uhhhh

Everyone says I'm an old soul
But the reasons why are ones I've never told
Until now I'd skip over
That part as a whole
It felt like a burden nobody could hold

Let me start at the beginning
So you know what you'll be getting
Cause I wanna feel
All the unknowns with you

Me and my past
We are a package deal
I've been through some shit
And I still gotta heal
I'm trying hard to let it go
Thought that I should let you know 'bout
Me and my past
I gotta ask
Can you deal with that?
Uhhhh
Uhhhh
Uhhhh
Uhhhh
Uhhhh
Uhhhh
Uhhhh
