

# Molly

Haley Joelle

I watched my friends all graduate  
They're getting jobs in different states  
I haven't seen them since the day I moved out to LA  
They did college right after high school  
My parents never made that rule  
They probably think that I'm not cool for not doing the same

As the years go by, I wipe the tears and try  
Not to let it get me down 'cause they don't get it just like ho  
w

My mom calls me Molly  
Even though it's not my name  
No one understands it but somethings you can't explain  
Of all the things to call me, nothing feels the same  
You've always did things differently but I turned out ok  
I say, I wouldn't have it any other way

When I was born my mom and dad were dating but it didn't last  
You think it would hurt real bad when I was growing up  
But I never lived in different homes 'cause through it all they  
still stayed close  
I know it don't make sense to most but it made sense to us

As the years go by, it might sound but I  
Never let it get me down, you might not get it just like how

My mom calls me Molly  
Even though it's not my name  
No one understands it but somethings you can't explain  
Of all the things to call me, nothing feels the same  
You've always did things differently but I turned out ok  
I say, I wouldn't have it any other way

Hey honey, I just called to say goodnight to you  
And I just want to know how your day went

Um, it's seven, um seven, ten, [?]

No I wouldn't have it any other way

You don't have to call me back but um [?]

I wouldn't have it any other way
