

Baby Doll

Haley Reinhart

Hands run through my hair
Kisses everywhere

Hands on my skin ahh
Pick up my scent ahh

Take good care of baby doll
And we'll be good
And we'll be good

Don't wanna fight the wave, no
So we'll be good
So we'll be good

Hands run through my hair
Kisses everywhere
I can't have just one inch
I need the whole mile

Will you love me all alone
I want you for my own
I'll give you whatever
Just love me all alone

Cover my eyes ahh
Trace all my lines ahh
You take the wheel ahh
I'm down to ride ahh

Take good care of baby doll
And we'll be good
And we'll be good

Don't wanna fight the wave, no
So we'll be good
So we'll be good

Hands run through my hair
Kisses everywhere
I can't have just one inch
I need the whole mile

Will you love me all alone
I want you for my own
I'll give you whatever
Just love me all alone

Everything you are is everything I need
Everything you are is everything I need
