

# Strange World

Haley Reinhart

Wake up to the city sirens  
Breathe in the dusty air  
Got no A/C but you still have me  
Smilin' from ear to ear

Laughin' in the face of chaos  
Ask each other what to do  
Sure life can be a little messy  
But I like gettin' dirty with you

Oh  
You and I  
Roll with the dice  
Two of a kind

No  
It's not always nice  
Can't put a price  
On our paradise

(Oh la la)  
'Cause you're my guy  
(Oh la la)  
And I'm your girl  
(Oh la la)  
Livin' lovely lives  
(Oh la la)  
In this strange world  
(Strange, strange world)  
In this strange world  
(Strange, strange world)

Luxury at its finest  
Smirkin' the night away  
Sleepin' on silk while we're in shambles  
What a silly game to play

Not gonna waste a minute  
Tryna make sense of everything  
When it comes to making lemonade  
Honey you and I could make it all day

Oh  
Me oh my  
If I'm by your side  
It turns dark to light

Love  
just let it be  
And naturally  
We'll be just fine

(Oh la la)  
'Cause you're my guy  
(Oh la la)  
And I'm your girl  
(Oh la la)

Livin' lovely lives  
(Oh la la)  
In this strange world  
(Strange, strange world)  
In this strange world  
(Strange, strange world)

Oh  
Me oh my  
If I'm by your side  
It turns dark to light

Love  
just let it be  
And naturally  
We'll be just fine

(Oh la la)  
'Cause you're my guy ('Cause you're my guy)  
(Oh la la)  
And I'm your girl (And I'm your girl)  
(Oh la la)  
Livin' lovely lives (Livin' lovely lives)

(Oh la la)  
In this strange world (In this strange world)  
(Oh la la)  
(Strange, strange world)  
(Oh la la)  
In this strange world (In this strange world)

(Oh la la)  
(Strange, strange world)  
(Oh la la)  
In this strange world (In this strange world)  
(Oh la la)  
(Strange, strange world)

(Oh la la)  
In this strange world (In this strange world)  
(Oh la la)  
(Strange, strange world)  
(Oh la la)
