

Black Diamond

Half Moon Run

I remember you
Drowning in your sorrows, babe, me too
I was wishing I wouldn't wake up cold and blue

I whisper to myself that I can't turn my back on you
I can't control myself and I just can't turn away

Nothing has changed
Black diamond
Black diamond
When you saw me I saw you recognize
I saw you with a second set of eyes

I remember you
When you crashed into my life to share the view
Now I'm breaking all I have in two

I think I'll take a chance cause I can't turn my back on you
I think I'll take a chance cause I just can't turn my back now

Nothing has changed
Black diamond
Black diamond
When you saw me, I saw you recognize
I saw you with a second set of eyes

I remember you
Drowning in your sorrows, babe, me too
