

It's True

Half Moon Run

I heard it from the old canal
It's true
Notify the authorities
It's true

Believers always up in arms
It's true
We all get left with open wounds
It's true

I just need a place to rest
My weary head
And it's here unless
They broke the locks
And they're past the door
We killed them all
But there's always more
